“Arkansas Women's Council in Higher Education (AWCHE) represents a community of empowerment, connection, and growth. It is more than just a network—it's a space where women in academia support one another, share experiences, and advocate for professional advancement across all levels of higher education. Being part of AWCHE is a reminder that I am not alone—that there are others who are equally committed to lifting each other up, breaking down barriers, and paving the way for the next generation of women leaders.”
